Polio Eradication

Rotary is close to eliminating the second human disease in history after smallpox, with a 99.9 percent reduction in polio cases worldwide since 1985, when Rotary launched its PolioPlus program. In 1988, Rotary spearheaded the creation of the Global Polio Eradication Initiative with the World Health Organization, UNICEF and the U.S. Centers for Disease Control and Prevention. Polio eradication remains Rotary's top priority. To date, Rotary has contributed more than US\$1.7 billion and countless volunteer hours to help immunize more than two billion children against polio in 122 countries. Rotary will raise \$50 million per year over the next three years, with every dollar to be matched with two additional dollars from the Bill & Melinda Gates Foundation.
